

WHAT

What is the goal of the Southern Cultural Center?

In the era in which we find ourselves, it has become apparent that an intentional attack is underway against the South and all of our institutions. Historically, the South has always been the most conservative and Christian region of America. Yet, since 1861, there has been a deliberate attempt to rob the individual States of their sovereignty and to centralize all power in the hands of an almighty federal government.

This has resulted in a tremendous loss of liberty at the expense of both the individual and several States. It is the cause of prayer and the Ten Commandments being removed from the public arena; it is the cause of a loss of freedom of association, or private property, of freedom of speech and civil liberties... In short, it is a loss of all of the essential liberties that our Founding Fathers held so dear.

The Southern Cultural Center believes that the answer to these problems is a free and independent Southern republic.

We envision the States peacefully and lawfully exercising their right of self-determination and withdrawing from the present union dominated by an aggressive, centralized federal government; only then can a true constitutional republic, founded on the Bible and the original Constitution, once again exist in America. We are not so naive as to believe that the Northern states, nor their West Coast counterparts, have a desire to ever return to the Bible or the Constitution, if they ever did before; and, therefore, we know that the likelihood of reversing the current course of Washington is non-existent.

We do not believe that this struggle for an independent South will ever be an easy one... but we believe that it is the only hope for our children and grandchildren to live free!

Our Mission

As Southern Christian Protectors, We support the Christian values, culture, and heritage of the Southern people and their freedom and independence in their own land

Core Beliefs

The Southern Cultural Center, Inc. believes that Southern culture is distinct from, and in our opposition to, the corrupt mainstream American culture. Therefore, we stand for our own sublime cultural inheritance and seek to separate from the cultural rot that is American culture. We believe that:

- The South still reveres the tenets of our historic Christian faith and acknowledges its supremacy over man-made laws and opinion; that our Christian faith provides the surest means of securing the welfare of all mankind; and that our primary allegiance is to the Lord Jesus Christ, His Word, and His Holy Church.
- Southerners are a people bound by a common history and culture that are defined by our flags, monuments, memorials that must be preserved and protected.
- Southerners are a people bound closely to the land. It is more than just a resource for production, it is who we are. It defines both our character and world view.
- Southerners have respect for human life, in all stages, as a gift from God. Life should be preserved, nurtured, and protected.
- Recognizes and promotes the sanctity of Christian marriage as an image of the relationship between Christ and His Church; understands that loving and stable families are the backbone of society; stigmatizes perversity and all that seeks to undermine the marriage and the family.
- Perpetuates the chivalric ideal of manhood-respect for, and protection of, our women, and the development of the virtues of honesty, courage, duty, honor, and humility.
- Believes in the rule of law and the wise, benevolent, and righteous application of justice by ecclesiastical and civil authorities.
- Is a true constitutional confederation of sovereign, independent States who separately order and control their own internal affairs while working in unity with their sister States to conduct foreign affairs
- Does not infringe upon the individual or collective right to purchase and own firearms of any kind.
- Does not infringe upon the individual right of life, liberty, and private property ownership.
- Restricts the right to vote solely to those who are recognized as citizens of one of the member States of the Confederation.

Our Invitation to You

We are a grass-roots movement, made of pastors, teachers, professionals, farmers, scientists, small business owners, workers, and homemakers... in short, we are the common people of the South who have come to the realization that, unless something is done now, our children and grandchildren will never have the opportunity to live their lives as free men and women.

The Southern Cultural Center is one of the fastest growing and most active state organizations because the People of the South are beginning to awaken to the same realization that many of us already have.

We are an organization of dedicated, like-minded Christian Southerners.

Many have already joined our movement and we invite you to join us in our patriotic stand!

If you have questions, please call our telephone number or visit our website. You can also join online.

Signature and date

Please send this application to:

The Southern Cultural Center
P.O. Box 220
Wetumpka, AL 36092

Our Pledge

to the Southern People

- We will work to preserve the traditional culture of the South, which makes us a unique people.
- We will work to educate all about our unique culture, both fellow Southerners as well as those that don't share our culture.
- We will work to regain control of our own political destiny free of federal control of our State and local governments.
- We will work to restore the biblical Christian foundations of the Southern people.
- We will work to preserve and erect monuments, street names, flags, music, and literature that honour the South's glorious past and future.
